CARE CENTRE

Situated in the picturesque town of Howick in the ever popular KZN Midlands. 47 beds cater for those needing an extra helping hand and to those needing full palliative care.

Activities are a must, with village residents spending time with our Care Centre residents two mornings a week. Our residents look forward to the chatty morning never knowing what to expect, they could be knitting, card making, colouring or even singing and dancing.

Our Alzheimer wing accommodates 14 residents, with dedicated committed staff members who always strive to give the best possible care to our residents. 2-3 carers are allocated per wing, which makes our ratio  $\pm 1$  carer per 5 residents.

Our purpose as a Care Centre is to offer the best possible care for "The Golden Years".

My Care – Professional taylor-made home care services to suit your requirements by qualified, place trained carers. Personal preferences, needs, lifestyle and backgrounds allow for care in your own home.

Amberglen is a community of 430 cottages that are owned under Sectional Title. This is a well-managed village that is not so small that it cannot provide a variety of amenities and benefits. On the other hand, it is not so large that it appears unfriendly and overwhelming.

Amberglen has a Community Centre, a 42 bed Care Centre, a Sanctuary, a Clinic/Cottage Care service and many other facilities. It is set on 35 ha of gently sloping parkland and gardens.

At Amberglen, independent retired people over the age of fifty may enjoy a variety of activities and creative pursuits organized by the Social Club.
